**Maintaining Excellence In Education - An Invitation to a Community Conversation**

The Maple Dale-Indian Hill School District proudly serves the communities of Bayside, Fox Point, Glendale, and River Hills. Founded in 1871, the District has a rich history of providing excellence in education for students in four-year-old kindergarten through eighth grade.

The Maple Dale-Indian Hill Board of Education and Administration are inviting community members of the school district to provide feedback that will help guide our strategic planning process. The process will serve to engage stakeholders in learning more about the District and its goals, as well as create a vision for our future. We will gather from 9:00-11:00 a.m. on Saturday, January 20, 2018 at Maple Dale School, located at 8377 N. Port Washington Road.

All feedback is important to us! If you are not able to attend this informational session, please visit our website to share your thoughts about District strengths and areas of focus for the future via an online survey. The survey will be accessible January 15th through January 30th, 2018.
